

THE RESERVE

Mateya Safari Lodge is situated in the spectacular 80 000 hectare malaria- free Madikwe Game Reserve. Madikwe Game Reserve is one of South Africa's finest and largest wildlife sanctuaries, 90km north of Zeerust in the northwest of the country. The park is predominantly made up by open grasslands, dotted with rocky outcrops and lone mountains. It is unique because of its position geographically between the Kalahari on the border of Botswana and the traditional bushveld of South Africa.

Development of the Reserve and reintroduction of game began in 1991. Madikwe's Operation Phoenix is the code name for the largest reintroduction of game undertaken by man in any Game Reserve in Africa. Operation Phoenix took place over six years and involved moving more than 8 000 animals into the Madikwe Game Reserve.

The reserve is home to the Super 7 (lion, buffalo, cheetah, elephant, leopard, black and white rhino, and wild dog), in addition to which there are brown and spotted hyena, red hartebeest, tsessebe, eland, gemsbok, springbok and large herds of plains game as well as over 350 bird species.

Weather and Seasons:

October – April (Rainy Season)

Summer months are warm with occasional thunderstorms, usually later in the afternoon.

The highest rainfall months are between November and February.

Many species give birth to their young around the start of the rains, so the bush is alive with new-born animals.

May to September (Dry Season)

The winter months in Madikwe can be dry, the temperature will be mild during the day, but colder in the mornings and evenings with night temperatures dropping to 2°C and day temperatures averaging 23°C.

Our waterhole gets busier as the dry season continues.

We recommend packing the following:

- o Cotton clothing in neutral colours is recommended for game drives and bush walks. It is best to avoid white clothing for walks.
- o **For Summer Months:** casual summer clothes (shorts and cool shirts) and a light jersey/sweater for the cooler mornings and evenings.
- o **For Winter Months:** lighter clothing for daytime, but gloves, beanies, scarfs and warm jackets/windbreakers or fleeces are essential in winter as it can get extremely cold on game drives in the early morning and evening (though not usually wet at this time of year).
- o Please note that in the event of rain during a game drive, waterproof ponchos will be provided for guests' comfort.
- o Formal wear is not required for dining at our lodge
- o Comfortable walking shoes/track shoes/hiking boots for walks; and sandals to wear around the lodge.
- o Swimming costume/bathing suits, sun block, sun hat, sunglasses, lip balm. Mosquito repellent is provided for all our guests, but you may like to bring your own if you have a personal preference.
- o Binoculars, camera and video camera, spare memory cards and charging equipment. (Two pairs of binoculars are provided per game drive vehicle)
- o The lodge is located in a remote area and therefore guests should remember to bring a sufficient supply of any prescription medication.
